

ATTORNEY GENERAL'S LETTER

Dear Fellow New Jersey Citizens:

Voting is an important right and responsibility. Voting gives us a voice in choosing our elected leaders at the local, county, state and federal levels, and, therefore, a voice in determining the laws that govern our towns and counties, our state, and our nation.

As Attorney General, nothing is more important to me than ensuring we have fair, open, and well-run elections. I am committed to working with election officials to make the election process in New Jersey as inclusive and accessible as possible, and this year's Chronological Elections Guide is part of that process.

The Guide includes important deadlines for all elections held in New Jersey each year, including the annual school board elections held in April, the non-partisan municipal elections held in May, the party primary elections in June, and the general election held in November.

Information is also available on-line in English and Spanish at www.NJElections.org.

I hope you find the information included in the 2008 Chronological Elections Guide helpful in learning about our elections process, and I hope it reminds you to exercise your right to vote.

Anne Milgram
Attorney General
